

ARTICLE VII, MEETINGS

Add a new section;

Section 6. The General Membership, Board, and committee meetings are authorized to meet by telephone or through electronic media so long as all the members can simultaneously hear each other and can participate in the meeting.

ARTICLE VIII, QUORUM

Section 1. One hundred (100) ~~voting~~ **current** members shall constitute a quorum at all general membership meetings.

Section 2. A quorum at a Board meeting shall be determined by the majority of the number of Board members stipulated in the By Laws. For example, if the Board should consist of seven (7) members but there are vacancies, the majority will still be determined using seven (7) as the determining number. A quorum of this Board would then be four (4).

Section 3. Quorums can be met by either personal attendance or electronic attendance as specified in the By Laws.
