

Help Services Works with Walgreens for Free Delivery and Flu Shots

by Betty Mosier and Jim Cook

It's that time of the year to get ready for fall and the return of our winter visitors. If you are just returning from a summer away, welcome back. We who stayed here actually had a bit cooler summer than what we have experienced the past few years, although not everyone will agree with that statement. Anyway, it's time to get back in the routine of things. Help Services is ready as usual to help the sick, injured, and convalescing residents of Dreamland Villa and Velda Rose Estates by making available sickroom and other health care equipment on a loan free basis.

I'm sure you've heard it often enough by now that Help Services is a charitable organization that operates with strictly volunteer help. And, as you also have heard in the past, we are looking for volunteers. It's easy work. All we ask, after you have completed a short training program, is to volunteer as a monitor three hours a week for two four week periods a year. That amounts to only 24 to 30 hours a year depending on how the weeks fall. Think about it and for more information, call our office at (480) 985-6021 anytime from 9:00 AM to noon, Monday through Saturday and ask to speak to someone on the Monitors Committee. It's an opportunity to get out of the house, enjoy the company of other people, and provide a vital service to your neighbors.

Every so often someone will donate a piece of medical or health care equipment to Help Services that, for one reason or another, we have determined is not practical to carry in our loan equipment inventory. An example would be a powered scooter. It's not that we aren't grateful for the donation. We are grateful for all donations. We either are not in a position to maintain an inventory of certain types of equipment or the demand just isn't there. So, we clean and repair each such item and then make it available to the residents of Dreamland Villa and Velda Rose Estates for a fraction of what it would cost new.

We recently received such a donation. It is a pair of

e-motion power assist wheels for a wheel chair. New these wheels would cost in the vicinity of \$6,000. Information provided by the manufacturer states the e-motion features the only power assist on the market powered by long lasting Lithium-Ion technology for 3x more range. The Ergonomic Control System customizes the e-motion to the user's needs. Rollback delay prevents the chair from rolling back while climbing inclines. There are 2 power levels, a battery capacity indicator, 10 programmable parameters, and self-diagnosis for easy trouble shooting. The wheels are very easy to dismantle making the chair ideal for transportation.

Only the wheels were donated to us. To use them it will be necessary to purchase a wheel chair frame. The wheels will not fit on just any wheel chair frame; therefore, it is unlikely an individual that could use these wheels would not have a wheel chair frame that they would fit on. The wheels and wheel chair frames are sold locally by Southwest Medical.

Our service person has gone over the wheels very carefully and feels they are in excellent condition. Because this is not the type of item we could use in our loan equipment inventory we will make them available for a donation of \$50. If you are interested or to obtain more information, please call Bob Blalock at our office/warehouse facility at (480) 985-6021 or drop in at 5210 E. University Drive anytime from 9:00 AM to noon, Monday through Friday. Bob isn't there on Saturdays.

For some time now Walgreens has provided free prescription delivery to the East Valley's senior communities. In addition, they will also deliver any of the many other products they carry in their stores. This can be an extremely valuable service, especially if you are no longer able to get yourself out on your own to do your shopping. You, of course, still have to pay for the items you order the same as you would and at the same price you would if you went to one of their stores, discounts included. This service is a real benefit when it comes to getting your prescriptions filled. It includes your standard medications as well

as special compounding. Walgreens accepts most prescription insurance plans. Setting up an account to take advantage of the delivery and pharmacy service is easy and can be done over the phone. They will need your prescription insurance information and a credit card to put on file for co-pays and other products you order. You can also have prescriptions currently being filled by other pharmacies transferred to this Walgreens' program. If you are interested, contact Sara or Shannon at (480) 461-0490. This is a service provided by the Walgreens facility located in the Banner Desert Medical Center and is not available through Walgreens' retail stores.

A few Dreamland Villa and Velda Rose Estates residents are already using this Walgreens' free delivery program. We feel it's a program all of our residents should be aware of so that they, too, can take advantage of the service. This fall Help Services and Walgreens are teaming up in a cooperative venture designed to promote each other's services. Like I say, this is just a cooperative effort and there are no direct financial incentives for either organization.

Additionally, this fall Help Services and Walgreens will jointly sponsor two free flu shot clinics. Pneumonia shots will also be available. They will be held at Dreamland Villa's Farnsworth Hall on Thursday, November 6th and on Tuesday, December 9th from 9:00 AM to 4:00 PM. More on this over the next several months. But mark your calendar now.

And a closing note. Some of us are getting up there in years and sometimes experience some mental lapses. That's an important reason to make sure you have a will so that you can be comfortable knowing that when it comes that time, your wishes will be carried out. If you don't have a will, arrange to get one now. And if you don't have any one to leave your estate to, remember Help Services is a 501 (c) (3) charitable organization that operates strictly on the donations we receive. One hundred percent of all donations go to fund our program. Your donation is tax deductible.

Good Pools Gone Bad?

by Maintenance and Office Staff

This article is being written to address some of the many problems we have had over the summer with our swimming pools and hopefully dispel some of the nasty rumors going around about the slackers in the office and on the maintenance staff. (Honestly, not our words!)

Did you know we are required by law to check chemicals every day and record our findings in a log book, which may be viewed upon request. In addition our water is tested by a local pool supply company every four to six weeks. This helps us in assuring

our test readings are correct. Many things can make a good pool go bad such as: rain, dust, oils, soap even the sunlight. For the most part chlorine takes care of this. But even the most diligent maintenance staff, which by the way ours was reduced to 2.5 people for the summer, can do only so much when a monsoon storm blows through.

Many have noticed the lap pool at Read Hall has been closed frequently due to being cloudy (turbid). This is due to oils, soaps and lotions, yes even sunblock. Many times this is hard to detect so it is very important to take the time to rinse yourself off in the shower (see posted swim rules #2). The oil composition is not easily broken down by the chlorine, so additional chemicals must be purchased and used. The rules are very important for all to follow for everyone's health and safety. On a daily basis the maintenance staff finds evidence of rule violations as shown in the photo. Shampoo, soap, lotion, deodorant and razors are examples of items found. Another disturbing find is large number of band-aids found in the pool, which is a violation of rule #6. Band-aids harbor blood, ointments and other bodily fluids which could pose a health risk to other swimmers, not to mention the band-aids themselves in the filter system.

In closing, the rules are for everyone's health and safety. We don't enjoy closing the pools any more than the swimmers enjoy having them closed. Please help us keep them open and clean by doing your part and following the rules. If you witness someone violating the rules, please let the office know and include name and card number if possible.

Remember, this is your pool, help us keep it clean for you!

Care and Respect for the American Flag

Reprinted from the National Flag

Foundation and Annin & Company

"No disrespect should be shown to the flag of the United States of America," states the U.S. Flag Code.

The US flag should always be treated with the utmost care and respect. Remember, the flag represents a living country and, as such, is considered a living thing.

Always display with the blue union field up – never display the flag upside down except as a distress signal.

Always hold the flag carefully – never let it touch anything, the ground, the floor, water, or merchandise.

Always keep the flag aloft and free – carry it flat or horizontally.

Always keep the flag clean and safe – never let it become torn, soiled, or damaged.

Always dispose of a worn flag properly, preferably by burning it.

Always treat the flag with respect. Never use it for advertising purposes. Never embroider it on household items or pieces of clothing. Never use it as part of a costume or athletic uniform. However, it is proper to attach a flag patch to the uniform of military personnel, fire fighters, police officers, and members of other patriotic organizations – provided the patch is properly affixed.

"The flag stands for all that we hold dear – freedom, democracy, government of the people, by the people, and for the people," quotes Henry Cabot Lodge, 1915.

Dreamland Villa Community Club's Wood Shop

by Ralph Shirey

The Club's fully equipped wood shop is the place where members can use their wood working skills and also learn how to work with wood. See an item in a magazine or in the newspaper ads, bring it to the wood shop. The well-qualified monitors will work with members of all skill levels to plan and build their projects.

Once the smell of saw dust gets in your blood, there is no turning back. The sweet fragrance of cedar or the sharp smell of pine will draw you back to the days of dad's or grandpa's wood shop.

I have seen large and small cedar chests, stools, cutting boards, game boards, picture frames, knick-knack shelves, waste basket cabinets, guitar kits finished, park benches repaired and the list could go on forever.

Stop by and visit your club wood shop; summer hours are Monday through Thursday 9:00 AM to 12:00 PM. Enjoy one of the many amenities here at Dreamland Villa where retirement dreams come true.

The President's Message

by Patty Thorpe

I can't believe that September is already here. Some of our winter visitors will begin to return to Arizona for the winter as I will. I would like to thank Harry Cole for helping me out over the summer as well as Charles and Hazel Dubbs who took over hosting the potluck dinner for me plus the Saturday coffee.

A special thank you to all the people who stepped up to help out at the office while Jackie Young was on vacation. We have so many wonderful people within our Dreamland Villa family who are always willing to go out of their way to help out whenever asked.

I'm sorry to hear that the monsoons raved havoc on the pools this summer. Unfortunately we didn't receive much

needed rain from the monsoons, just a lot of wind. I hope your homes were safe from the winds. Perhaps you will have some suggestions as well.

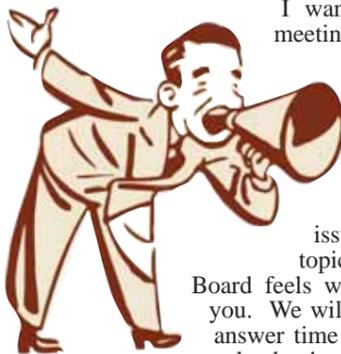

Our next Board meetings will be October 7, 2014, and October 14, 2014, at 9:00 AM at Read Hall. The Board has a lot of work to do during this season and would like to invite all of you to join us at those meetings. It is so important that you join us to get correct information as to what the Board is working on and will be working on during the winter season.

The most important meetings, of course, will be November 11, 2014, and November 18, 2014, at 2:00 PM at Farnsworth Hall. The November 11th meeting is open to all Dreamland Villa Community Club residents, and I will be the moderator at this meeting as a resident. The November 18th meeting all members will be asked to vote on many crucial issues. So if you are not a member, now is the time to join our club in order to vote on many issues that will affect DVCC in the future.

See you around the Villa!

FIFTH IMPORTANT NOTICE TO ALL RESIDENTS

by Patty Thorpe

I want to remind you of our meeting scheduled for all residents on November 11, 2014 at 2:00 PM at Farnsworth Hall. As a resident of Dreamland Villa I will be your moderator at this meeting. We will discuss many interesting issues and are adding new topics every month which the Board feels will be important to all of you. We will also have a question and answer time frame. Please mark your calendars!

November 18, 2014, at 2:00 PM is another important meeting for all members to attend at Farnsworth Hall. We will be voting on many issues that could affect you. Please do not miss this meeting.

Notary Services

by Patty Thorpe

Notary services will be provided at the Dreamland Villa Library the second and fourth Wednesday of the month from 10:00 AM to 12:00 Noon. Please ask for Barbara Thacker. These services will be free to all members of the Dreamland Villa Community Club and a \$ 3.00 fee for non-members.

If emergency services are required outside the designated time frame, you may call the office at 480-832-3461 to schedule an appointment with Barbara Thacker between the hours of 10:00 AM – 4:00 PM. No services will be provided on weekends and holidays.

The Wilkens Express Their Appreciation

We would like to thank all of the friends in Dreamland who reached out with cards, words of support, prayers and actions of love as we dealt with the difficult loss of Larry's son, Adam. We were overwhelmed with the warmth and generosity of all our friends and neighbors. We truly felt loved.

With sincere gratitude, Larry Wilkens and Mary Lindgren

News from the Librarian's Desk

by Margie Gilbert

Isn't it nice to be here in the Valley of the Sun now that things are beginning to cool down? Summer is winding down, winter residents are beginning to return, and there are more things going on in Dreamland Villa. Welcome back to the library. As you can see, we have been doing a little re-modeling. Fresh paint and a little re-arranging sure do make a difference, don't they? Now that the calendar is on

September, we are back to the three week book loan time. Be sure and check your books and return them in a timely fashion so

that others may enjoy them. New books are coming soon. Be sure and let us know if there are new best sellers you would like to see in our collection. New books, whether purchased or donated, are in the front of the library behind the check-in desk. Don't stop there, however, as there are many more books in the stacks behind them. For sale books are in front of the check-in desk and there are puzzles and magazines for sale in the entry area.

We are in need of some new volunteers to fill out our upcoming winter schedule. You don't have to have library or computer experience. If you love to read, like books and enjoy being involved in our community, please talk to one of our volunteers. We will train you and put you to work. The shifts are two hours long and mostly once a week, so it is not a large commitment unless you wish it to be.

If you are new to the community and to our library, ask for a tour of the library and we will show you around. There are few rules. You may take out only one newly purchased book at a time but the rest of the books are not generally limited. The books in the romance section do not have cards in them. You just take them up for a date stamp for a reminder of how long you have had them and carry them home. If you need help finding a book, ask and we can look it up on the computer to make sure we have it.

We are always glad to see you come in. Thank you for your ongoing support with your patronage and with the donated books.

Citizen Book Review

Flight Behavior by Barbara Kingsolver

In her latest novel, *Flight Behavior*, Barbara Kingsolver returns once again to her hill country roots, this time to a fictional town in Tennessee. Dellarobia Turnbow is the wife of an impoverished sheep farmer whose parents own the farm and call all the shots. Dellarobia had been planning on attending college when she became pregnant at 17 and got married. Shortly after the marriage, she lost the baby, and now 10 years later has a 5 year old son, two year old daughter and an inattentive husband who is ruled by his mother and father.

Dellarobia's fantasies and flirtations eventually lead her to climb the mountain behind her home on her way to a tryst with a potential lover. On the way she comes across what appears to be a forest grove ablaze with an orange fire. But there is no heat. She stands in awe of the miracle and then turns to return to her simple run down home. She decides what she has seen is a sign for a change in her life. She hesitates to tell her husband "Cub" about what she has seen, but eventually does. Cub stands up in church and tells the congregation of the miracle his wife has seen.

Soon the community is climbing the cold water logged mountain to witness the miracle and what they find is millions of monarch butterflies. Dellarobia's standing in the community is suddenly that of a sage or prophet. She doesn't like all the publicity and her mother-in-law is jealous and starts charging groups for tours up the mountain to the site.

Word spreads and herpetologist Dr. Ovid Byron shows up on the scene to study the unusual phenomenon of monarch butterflies overwintering in Tennessee. Dellarobia's son Preston is fascinated with anything scientific and idolizes Dr. Byron and his team of research assistants. Dr. Byron's talk about climate change, global warming and species becoming extinct upset the local population. Dellarobia sees an opportunity and becomes a lab assistant helping to tally findings in the study, both at the butterfly site and in the old sheep barn that was converted into a lab.

Dellarobia sums up what is happening in her life, her family and her town with this statement, "I think people are scared to face up to a bad outcome. That's just human. Like not going to the doctor when you've found a lump. If fight or flight is the choice, it's way easier to fly." Watching her son's growing interest in science and the world around him forces Dellarobia to make some changes in her life.

This is a work of fiction, but the real life information about the fate of the Monarch butterfly is fascinating.

From the Office

by Jackie Young

Greetings from the office! I don't know where this summer has gone. I'm sure it was just the other day we were celebrating Memorial Day and the official start to summer and here it is Labor Day. The grandchildren are back in school and the days will start getting shorter. It has been a long and hot summer but we've really had a good time at the pool parties. Thank you to everyone who attended and the volunteers who made it a success. I'm anxious to begin welcoming back all our winter visitors. The more the merrier in Dreamland Villa!

I had the chance to take a wonderful vacation in Austin, TX, to visit my family. We had a great time with all the kids, visiting the river and the capitol. It was great fun and relaxing, too! Thank you to Harry and everyone who volunteered to keep the office open.

Humor Saves Lives

by Barbara Miller

Thoughts for any day! Is YOUR life a dog's life? Good dogs can teach people a lot about how to live their lives.

- Never pass up the opportunity for a joy ride.
- When loved ones come home, always run to greet them.
- When it's in your best interest, practice obedience.
- Let others know when they're invading your territory.
- Take naps and stretch before rising.
- Run, romp and play easily.
- Be loyal.
- When someone is having a bad day, be silent, sit close by, and nuzzle him or her gently.
- Avoid biting when a simple growl will do.
- On hot days, drink lots of water and lie under a shady tree.
- When you're happy, dance around and wag your entire body.

In and Around the Villa

Let's celebrate Labor Day on Monday, September 1, 2014! We are so fortunate that we worked at a time when jobs were plentiful, you had 'job security' and you were respected in your work place. The younger generation will never have the luxury of the employment possibilities that we enjoyed, what a shame. Growing up in the construction industry, I learned to appreciate ups and downs of jobs. We had abundance in the summer and hard times in the winter, but you learned to make it work. It is a pleasure to celebrate Labor Day; we were Union people and had great respect for a good work ethic.

Harper's Nursery is closing their Mesa location at 1830 E. McKellips after 50 years in the area. Their Scottsdale location will remain open at 2529 N. Hayden Rd.

Cold Water Creek in Dana Park is also closing. Unfortunately, they have filed for bankruptcy.

Oma's Place at 1038 W. Southern in Mesa, serving German cuisine has opened. The NYPD Pizza has opened in Arizona Mills. This is their 4th location in the area. Menchie's frozen yogurt with 32 toppings available has opened at 3757 S. Gilbert Road in Gilbert. Loreto's Taco's at 6120 E. Main Street has opened their first location. Baby Kay's, a New Orleans style restaurant specializing in crawfish; jambalaya and gumbo has opened at 2251 S. Dobson in Mesa. MOD Pizza has opened in the San Tan Valley Park in Gilbert, it is the 1st of 3 locations in the East Valley they hope to open.

Welcome back our winter visitors, you have been missed. Please drive carefully as we want you back in one piece. It has been a very dry summer and we are still waiting for a good rain. We've had several dust storms, but they have been dry with no rain to accompany them. Let us hope that we will be more successful and get some rain in the next couple of months; otherwise, we might all have to do a rain dance.

All of the clubs and activities will be open and operating the day after Labor Day. Check out your favorite or try a new club, you might find out you like it and will be a full-time member. If not an activity, how about going to a 'potluck dinner' or a 'pancake breakfast', or maybe the Saturday morning coffee? Check out the dates and times on the calendar in the *Citizen*.

When you get back, the first thing you might notice is that the Dreamland Golf Course is now officially closed. The new owners have installed a cyclone fence around the entire area. The city of Mesa would not listen to our concerns about the proposed housing development that will be built on the property. Let us hope and pray that things will be amicable and everyone will live in harmony.

AND THEN IT IS WINTER.

You know time has a way of moving quickly and catching you unaware of the passing years. It seems just yesterday that I was young, just married and embarking on my new life with my mate. Yet in a way it seems like eons ago, and I wonder where all the years went. I know that I lived them all; I have glimpses of how it was back then and of all my hopes and dreams. But here it is - the "back nine" of my life and it catches me by surprise. How did I get here so fast? Where did the years go and where did my youth go? I remember vividly seeing older people through the years and thinking that those older people were years away from me and that "I was only on the first hole" and the "back nine" was so far off that I could not fathom it or imagine fully what it would be like.

Salad & Dessert Potluck

by Hazel and Charles Dubbs

As we move into the fall season, we would like to invite you to join us for a SALAD and DESSERT Potluck. You don't need to prepare a hot dish. Fellows, salad is good for you, so come and enjoy the evening.

We now have over sixty residents on our event reminder list, so remember to invite someone to potluck. Let's close out the summer season with a L-A-R-G-E attendance of our great residents.

A special thanks to Dan and Mona for entertaining us at the August potluck. Can't announce at this time what will follow our potluck. Come and be surprised!

Potluck is Thursday, September 18th at 6:00 PM. Come a little early to prepare your place and have your dish on the community table. Remember salad or dessert to share.

We look forward to seeing you. Not sure what will follow the eating, except we know plenty of visiting and getting acquainted with new folks.

But here it is...my friends are retired and getting gray. They move slower and I see an older person now. Some are in better and some in worse shape than me, but I see the great change. Not like the ones that I remember who were young and vibrant...but like me, their age is beginning to show and we are now those older folks that we used to see and never thought we'd become. Each day now, I find that just getting a shower is a real target for the day! And taking a nap is not a treat anymore...it's mandatory! Cause if I don't take a nap of my own free will, I just fall asleep where I sit!

And so, now I enter into this new season of my life unprepared for all the aches and pains and the loss of strength and ability to go and do things that I wish I had done but never did! But at least I know, that though I'm on the back nine and I'm not sure how long it will last, this I know for sure, that when it's over on this earth...it's over. A new adventure will begin!

Yes, I have regrets. There are things I wish I hadn't done... things I should have done, but indeed, there are many things I'm happy to have done. It's all in a lifetime.

So, if you're not on the back nine yet...let me remind you, that it will be here faster than you think. So whatever you would like to accomplish in your life, please do it quickly! Don't put things off too long! Life goes by quickly. So, do what you can today, as you can never be sure whether you're on the back nine or not! You have no promise that you will see all the seasons of your life...so, live for today and say all the things that you want your loved ones to remember, and hope that they appreciate and love you for all the things that you have done for them in the years past!

Life is a gift to you. The way you live your life is your gift to those who come after. Make it a fantastic one.

LIVE IT WELL! ENJOY TODAY! DO SOMETHING FUN! BE HAPPY! HAVE A GREAT DAY!

Remember, "It is health that is real wealth and not pieces of gold and silver!"

Your kids are becoming you....but your grandchildren are perfect.

Going out is good.....Coming home is better!

You forget names.....But it's OK because other people forgot they even knew you!

You realize you're never going to be really good at anything...especially golf.

The things you used to care to do, you no longer care to do, but you really do care that you don't care to do them anymore!

You sleep better on a lounge chair with the TV blaring than in bed. It's called "pre-sleep"

You miss the days when everything worked with just an "ON and OFF" switch.

You tend to use more 4 letter words...what?...when???

Now that you can afford expensive jewelry, it's not safe to wear it anywhere.

You notice everything they sell in stores is 'sleeveless'!

What used to be freckles are now liver spots. Everybody whispers.

You have three sizes of clothes in your closet...two of which you will never wear.

But OLD is good in some things, Old Songs, Old Movies, and best of all, OLD FRIENDS!

It's not what you gather, but what you scatter that tells what kind of life you have lived.

Today is the oldest you've ever been, yet the youngest you'll ever be. So, enjoy this day while it lasts.

Don't Miss the Coffee Socials

by Charles & Hazel Dubbs

Have you been missing the Coffee Social? This is a wonderful time to get acquainted with your neighbors. Coffee Social meets twice each month, the second and fourth Saturday mornings. Join the group for "a wake-up" cup of coffee and a fresh donut from the bakery at 7:30 AM. Suggested donation is \$1.00 per person. What a bargain! The coffee will be hot and waiting for you to join the group. We visit and invite a few folks to share a short story to help us become better acquainted.

Kelcie and Avalon Daugherty have been part of the Coffee Social since its beginning, and for the past few years have hosted the Coffee Social. We want to say a "SPECIAL THANK YOU" for their faithful service in preparing for the Coffee Social each month. They have now had to step aside due to current health problems. We wish them well, and invite you to remember them in your prayers. We look forward to them returning to the Coffee Social as residents.

WHAT IS ROUND DANCING?

Round Dancing is choreographed ballroom or couple dancing done in a circle. All couples are dancing the same figures at the same time to a specific piece of music. Our instructor/cuer is Linda Liberti. She will teach the various figures and soon you will be round dancing!

There are 6 levels of Round Dancing:

Beginners Class is Level 1 & 2, which includes waltz and two step.

Intermediate Class is Level 3 & 4 and includes additional waltz figures and other rhythms such as the foxtrot, rumba, swing and cha cha.

Ceramic Chaos

by Teena Baker

WELCOME, WELCOME, WELCOME to all our winter visitors. We have missed you and are glad to have you back. Ceramic Chaos will open their doors on September 2nd for the beginning of our winter season.

COME ONE, COME ALL. Join us for many days of fun, food, and laughter. We will have coffee, tea, hot chocolate as well as water and sodas. We will have cookies, cake, donuts and whatever else you want to add. The coffee pot is always on, and we have tea bags and packets of hot chocolate. There are sodas and bottles of water in the fridge.

Opening day for the fall season of Ceramic Chaos is the 2nd of September. The ceramic room is ready and waiting for our members to show up. There will be no Monday classes this year. When you walk into Ceramic Chaos room 7 you will notice some changes. Shelves have been cleaned and are uncluttered. Table legs and shelf have been painted. Give a big THANK YOU to our maintenance crew. Shelves have been restocked with lots of new greenware. Paints have been restocked and replaced. Please, my friends, do not add water to our paint bottles. If you think it is too thick have one of the monitors or teachers look at it. You can pour some paint on your palette and then add a small amount of water at that point. Also, do not throw the bottles away. Give them to the monitors or teachers as well as not forgetting it is your responsibility to clean

the area where you work, as well as your water bucket. If you are at the cleaning table, it is your responsibility to make sure you take the foam pad outside to clean it and wipe down the area and put away the tools you used. The teachers and monitors have enough to do without going behind everyone and cleaning up after them.

Please do not leave clean brushes in an upright position. Lay them flat until bristles are dry. The reason is that the water will drain down into the bristles and could soften glue and bristles will fall out. This concerns not only your brushes but the SHOP brushes also.

I want to say a big Thank You to Pat Shirey for taking her Wednesdays in July to make the Ceramic Shop available to our summer residents. From what I understand there were at least 8-9 residents in attendance each week. So when you see Pat around the park, please give her a big thank you for her dedication.

We have completed all but 12 bowls. Last year our bowl count was 206, this year our goal is the same. We're getting close my friends, so come by Ceramic Chaos and help us out. These bowls go to Mesa Community College by the 10th of October, so they need to be completed by the first of October. So please come by the Ceramic room and help us out. Doing these bowls is a year round project that we have been doing for the past 10+ years.

Singles Club

by Lois DeLong

Our monthly potluck will be September 2 at 6:00 PM at Read Hall. Our meetings are scheduled for September 10 and September 24, at 9:30 AM at Read Hall. Come join us for the potluck or drop in on one of our meetings. The meetings are usually short and we then adjourn to John's Restaurant for breakfast and to socialize and get acquainted with any new members.

Our August activities featured a tour of

Ceretta's Candy Factory in Glendale, a locally owned and family operated candy factory. We were able to see how chocolates and other fine candies were made and had a few tasty samples along the way.

Also, we pursued our dining adventures with breakfast at one of our favorite places, Mimi's, a great lunch at Old Chicago, and a spicy dinner at Garcias.

The welcome mat is always out for new members, give us a try.

Computer Club

by Kay Hawbaker

The Computer Club resumes general meetings in the month of September. The Citizen is not delivered door to door until the October issue, so the first meeting is an organizational meeting with members attending to give the Board feedback about what they want to see happening in the next year. The Board members did meet the end of August and have done some planning for the upcoming meetings and classes. Larry Wilkens resigned from the board and John Ahrens agreed to being appointed back on the Board. He has been busy scheduling speakers for the fall general meetings. We know that many of our members will be back in their Mesa homes soon. We hope they will be ready to start classes that have been scheduled.

August off as many of those attending were also on vacation during the hottest time here. Dan Nelson was good at finding apps and helping others get started using them. It is amazing how we learn by helping each other.

We are looking forward to a special class to be given by Katie Gertz to kick off the genealogy classes. She has a PowerPoint presentation of Women in the Revolutionary War. She is an excellent instructor.

Anyone wishing to join the club may do so at this time and will not be charged again on January 1 for the year 2014. Dues remain the same: \$15 for one person, \$20 for two persons living in the same household. There are no charges for any regular classes during the year.

There is a group of DCC members who go to the Golden Corral on the third Thursday of each month. You do not have to be a club member to attend. Bring your friends about ten thirty on September 19 and ask to sit with Dreamland Computer group. The food is great and it is fun to get together. Of course, Donna Hanson was one of the members who was always there. Hopefully, members will continue to do this in her honor.

Our Room 9 was open and available for many days all summer. We need to thank the volunteers who made this possible. Either Bob O. or Kay Hawbaker was there every Saturday to answer any questions that came up. It is much appreciated by individuals who have a problem. Bob O. was there every Thursday to assist others who needed individual help.

Photography Club

by Dave and Becky DeFord

If you have ever thought about improving your photography skills or contemplated beginning photography as a hobby, now is the perfect time to get started. Beginning

Monday, September 15 there will be video classes for all levels in the Art Room (#5). The club meets at 10:00 AM and will last approximately an hour and a half. Dues for the year are \$15.00 (single) \$20.00 (couple). The club is available to all Dreamland Villa members. All classes and seminars are free

to members unless notified otherwise. If you have questions concerning the photography club and/or the video classes, contact David DeFord at 480-980-5633 or Becky DeFord at 480-980-4997.

At this meeting some topics of discussion will be monthly photo themes, field trips, critiquing photos taken this summer of monuments and statues club members have had opportunity to visit. The club values and welcomes suggestions from members as to how we can better meet the photography needs of its members. In so doing the club has a good time together and gets valuable information from others' photography experiences.

Quilting Club

by Becky Lamson

Pictured this month is an Arrowhead Puzzle quilt ready to have the binding finished. This top was constructed as a group project earlier this year. The quilting was done on a computerized long arm machine and the binding will be finished during one of our meetings by the club members, kind of reminding us of a quilting bee in days gone by.

We continue in September to meet on the second and fourth Thursdays of the month from 1:00 PM to 3:00 PM at Read Hall. In October we will resume meeting once a week at the same time 1:00 to 3:00. New and

prospective members are always welcome at our meeting. If you desire, bring along an item for show and tell or a proposal for a group project.

We welcome your unused quilting fabric and batting to be used for the charity quilts we make. You can contact Becky Lamson at (480) 202-7003, and she will arrange a time to pick it up or you may drop it off during our quilt meetings at Read Hall on the second or fourth Thursday afternoons.

Quilters' quote of the month: Quilts are like mom's cooking – they both give comfort.

Dreamland/Royal Palms Ladies Golf League

by Kay Hawbaker

Again, notice the name change for the league! The Dreamland Ladies Golf League will continue to play, but at the Royal Palms Golf Course. Golf will start on Thursday, October 30, at 2:12 PM and all will need to be at Royal Palms 30 minutes early. The phone number there is 480-964-1709. But please plan to call Linda Bilodeau three days before to sign up for the day's golf. Reminders will be e-mailed early in October as we now have a

roster which includes e-mail addresses for most of the members. Please reply so we know if you intend to play this year.

During this transition, it is hoped that many new Dreamland Villa residents decide to get involved. All players will be starting anew at Royal Palms, so it is a good time to join. The Royal Palms Golf Course is located at 1415 E McKellips Road.

Dreamland Villa Men's Golf League

by Ray Zabel

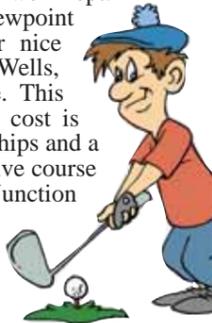

There are several courses here in the east side of Phoenix. In fact, I went on line and there about 74 courses of all sizes. About half these courses might fit our needs which means nine holes and about 2500 yards. We are still looking to find one for this coming winter season.

I played Desert Sands Golf Course and this was a nice course to play this summer. This is a 18 hole course, 4029 yards, does have par 5 hole. I would say it is a very interesting course. The greens are small and have undulating surface. The cost to play for 18 holes with cart is \$14.

This summer we have been playing two courses. Viewpoint's nine hole executive course is a little longer than the Dreamland course and it is really well kept.

The cost to play this summer at Viewpoint including a cart is \$15.00. Another nice course to play this summer is Apache Wells, 18 holes and 5746 yard from the white. This course is in excellent shape and the cost is \$15.00 including lunch of a hot dog, chips and a drink. There is also Viewpoint Executive course just off University toward Apache Junction which also cost \$15.

I will do my best to keep all interested up to date.

Do you plan on leaving for a few weeks or even the whole summer? Here are some tips for preparing your home for your absence. Some items on your checklist take a bit longer than others. A week or two weeks before your departure date you should consider any of these items that need your attention.

1. Arrange for your mail and regular deliveries to be stopped or forwarded. Do this at least ten days before the effective date.
2. Notify your telephone, Internet service provider or satellite TV provider to put your service on hold.
3. Notify any newspapers when you will stop delivery and when to resume.
4. If you live in an area with an HOA, notify them of your departure date and when you'll be back.
5. See if there are any local vacation watch programs offered by either your HOA, your local community or your local police department.
6. Arrange for storage of valuables that you won't be taking with you. For instance, store jewelry or important documents in a safe deposit box.
7. Coordinate emptying of refrigerator with trash and recycling pickup. Start eating up the leftovers and cleaning out the refrigerator.
8. Speaking of trash, start trimming trees and bushes in the yard so you can have that trash picked up before you leave.
9. Remove any standing water (pools, buckets, bird baths, etc.) from the yard. If you have a fountain, either empty it and turn it off or leave the water circulating to avoid mosquito problems.
