DVRC Closures due to Corona Virus

The Board of DVRC has voted that effective 3/19/2020, all DVRC facilities and activities will be closed down. This shut down will be effective indefinitely, until we announce otherwise. This includes ALL activities, all buildings (including restrooms), and all pools.

The office staff will remain available via email and phone during this period with the same hours as is currently published. The Buildings and Grounds staff will also be available for maintaining and/or improving our facilities.

Failure to abide by this close down rule could jeopardize a member's membership per the DVRC By Laws.

Respectfully,
Earl Munday
DVRC Vice-President
