Official Paper For Dreamland Villa Community Club

Happy Father's Day!

Fly Your Flag

Reprinted from the Internet

The Proclamation of President Woodrow Wilson officially established the anniversary of the Flag Resolution of 1777 on May 30, 1916. While Flag Day was celebrated in various communities for years after Wilson's proclamation, it was not until August 3, 1949, that President Truman signed an Act of Congress designating June 14th of each year as National Flag Day.

So let us support Flag Day and our country by flying the American flag. Let us show our patriotism.

Board Modifies Trash Can Rule

by Barbara Miller

At the May 8th Board of Directors' Meeting, the Board voted unanimously to modify the ruling of the placement of Dreamland Villa trash containers. The new ruling reads:

Trash cans, when placed for pickup by a trash removal company, shall be placed in the street next to the resident's property line and as close to the curb as possible. Also, trash cans, when not placed for pick up by a trash removal company, must be stored within a carport or garage or behind the front wall of the dwelling.

This ruling change has been occurred as a safety factor for residents who walked the sidewalks.

The Board appreciates your assistance in making this ruling a quick and easy change.

Jackie Young Will Serve as Receptionist/Secretary

by Barbara Miller

Jackie Young was hired to serve as the new Receptionist/Secretary, replacing Sharon Young (no relation) who moved out of state to help in health matters with family.

Jackie and her husband Jim have been residents of Dreamland Villa for two years. They have a son Brad and two grandchildren who live in Austin, Texas, and a stepdaughter Tiffany who lives in St. Joseph, Michigan, with their twin grandchildren – one girl and one boy.

She moved to Arizona from Michigan where she graduated from Lake Michigan College and worked as a buyer for Lakeland Regional Medical System. After moving to Arizona, Jackie worked as a corporate buyer for Orthologic Corporation, a medical device manufacturer in Tempe. Jim, Jackie's husband, works in inventory at Bass Pro Shops.

In her spare time she enjoys crafts, swimming, and being with her family.

She commented, "She really likes Dreamland Villa and is very excited about her new position." Be sure to stop in and see her when you are in the Read Hall complex and make her feel welcome.

Father

by Edgar Albert Guest

My father knows the proper way
The nation should be run;
He tells us children every day
Just what should now be done.
He knows the way to fix the trusts,
He has a simple plan;
But if the furnace needs repairs,
We have to hire a man.
My father, in a day or two
Could land big thieves in jail;
There's nothing that he cannot do.
He knows no word like "fail."
Our confidence he would restore
Of that there is no doubt,
But if there is a chair to mend,
We have to send it out.
All public questions that arise,
He settles on the spot.
He waits not until the tumult dies,
But grabs it while it's hot.
In matters of finance he can
Tell Congress what to do,
But, O, he finds it hard to meet
His bills as they fall due.
It almost makes him sick to read
The things lawmakers say;
Why, father's just the man they need,
He never goes astray.
All wars he'd very quickly end,
As fast as I can write it;
But when a neighbor starts a fuss,
'Tis mother who has to fight it.
In conversation father can
Do many wondrous things;
He's built upon a wise plan
Than presidents or kings.
He knows the ins and outs of each
And every deep transaction;
We look to him for theories,
But look to ma for action.
HAPPY FATHER'S DAY!

The President's Message

by Jerald "Red" Westall

It seems impossible, but -- 2012 is about half over

already, and Father's Day is upon us. I do want to wish every father a very Happy Father's Day. It will be special for me as I will get to go fishing with my two sons.

As you have read in the May *Citizen*, Charles Dubbs' article explains the situation on the Chapter 11 bankruptcy. It would be so helpful for our community to become the fantastic place it has been known to live in. I still can't believe how a few individuals can cause so many problems. Yes, we will reorganize, rebuild, and move forward.

With reading last month's paper there are certainly many activities for which each of you can partake. Judy Ford is keeping the ice cream socials active for the summer, so be sure to stop and have a cool treat. Take your neighbor! In addition, potlucks and other entertainment are in the planning stages. Just read the *Citizen* or go to www.dreamlandvilla.org to find out when events are taking place.

As for the Westalls, I, personally, am part of the staff rebuilding Farm Island in Pierre, South Dakota.

As you may know we are on the Missouri River and completely flooded last year. As of now, we have replanted all the grass seed and have replanted 1100 trees. Bea, my better half, is a volunteer campground host. We only have one half of the park open at this time, but plan to have it all opened on Memorial Day weekend. We will be trying to get it back in shape the entire summer.

Remember, Dreamland is the best-kept secret in the East Valley!

HELP Services, Inc.

by Betty Mosier

Have you noticed that we don't really have four seasons of weather anymore? I understand that it is that way in the Northeast and central parts of the states, too. We have a cool spell and then a warm, back and forth. I remember when I was a kid we really had spring, summer, fall and winter that you could count on. Oh, well, we are thankful to have good weather here in Arizona--mostly hot and dry but with a/c's running okay, we can enjoy being here. The people that settled here originally were really strong determined people! We always have plants blooming and right now so many pretty blooms. The PaloVerde trees are really beautiful golden yellows; reds, pinks and whites of the oleander bushes and trees alike; Bougainvillea vines and bushes, and the Saguaro's white blooms on the greens; Mexican Bird of Paradise, which are so beautiful and blooming for so many months. The mountains change their colors by the way the clouds move above them. We went back to Indiana early one spring and trees were bare and dead looking, all the way, even

the grasses were brown. It looked so desolate. It took weeks for the trees to begin leafing out. People back there think our deserts are probably dead looking, but they are beautiful. The purple sages bloom and re-bloom with a little rain or dew touching them. Well, you can tell that I am sold on Arizona.

We have so many things in our warehouse that can be of use to you if you have injured yourself or had surgery. If you are not familiar with HELP Services equipment, you should slip in and take a look around the warehouse. You probably would be amazed. Our men keep everything well organized and nothing goes out that is not in top shape. If you ever get something that has something wrong with it, bring it right back and it will be fixed or you will be given another one. If you keep something out for a long time and it needs repairing, bring it in; don't try to fix it yourself.

Some of the things that we have are: --wheel chairs, several kinds and sizes, hospital beds (not electric), commodes, toilet risers, with and without hand

rails, knee-walkers, that fold, canes of different kinds, some quads, some folding, etc, crutches, some with arm rests, and we have things for when the grandbabies visit, like baby beds, playpens, strollers, car seats, booster seats, high chairs, and even pull toys and a little tricycle and a little car to ride in. Most any thing you can think of, we have, so come in and look around and take out anything you like.

Some good quotes for today:--- --"and now in age I bud again", by George Herbert

"Keep a clear eye toward life's end. Do not forget your purpose and destiny as God's creature. What you are in His sight is what you are and nothing more."-----"Remember that when you leave this earth, you can take nothing you have received....but only what you have given,... a full heart enriched by honest serving, love, sacrifice and courage." I run across so many good quotes while reading. I like to share them with you.

Do keep healthy and happy, that is my wish for you.

News from the Librarian's Desk

by Evelyn Rounds

It's June and we are at half of our regular hours. We are open on Wednesdays from 10:00 AM until 12:00 PM and 1st and 3rd Saturday of every month, the same hours. Year-round residents are welcome to take as many books as they like, and they are not due until September. Please remember to use our book drop as you finish so that we can send them out again.

Newly purchased books are not eligible for renewal, so please read them first. You will find a "P" on the top of the pocket with a current date.

Summer travelers and winter visitors may purchase books to take with them from our collection in the front area of our library. The paperback books sell for only twenty-five cents and the hard cover books sell for one dollar. When you return you may donate the books back to the library, and we will resell them. This is a great way to make money for our library and help to keep your shelves clear.

We have a great selection of new books as Barbara Thacker, our new head librarian, has already been busy preparing for the new season. One new donation includes a four volume set documenting the war in Europe from the Normandy Landing to the fall of Berlin. Another new donation is about the famous "Ladies of the Line" from the barrooms of nineteenth century America. We never know what will come through our doors and we can always find a surprise for you.

We hope you will come in and find something soon.

Killing Lincoln

by Bill O'Reilly and Martin Dugard

Bill O'Reilly was a history teacher for many years before taking on the world as a political analyst. Martin Dugard is also a historian of wide renown. Together they have compiled an excellent review of the last days of both President Abraham Lincoln and his assassin John Wilkes Booth. In novel format they have used letters and diaries of the people close to a number of central figures including several involved in the assassination plot as well as the doctors who attended the fallen President in his final hours.

President Lincoln visits the battle sites in Virginia and Maryland, even days after he has dreamed of his own death. There are numerous times the highly recognizable President could have been assassinated during the days prior to his death. John Wilkes Booth and his Southern-sympathizers have had an easy target. Secretary of State Seward, Secretary of War Stanton, and Vice President Johnson all survive the night. O'Reilly and Dugard follow Booth and one of his compatriots, John Herald, through the harrowing ride from Maryland to Virginia to the Garret farm.

I have always had a fascination with Abraham Lincoln. I found this book full of information I had never read. Not only the historical information, but the presentation is fascinating. I will continue to read Lincoln memorabilia, but I think this will remain on the top of my list. You will find this book on our biography shelves, or if it is checked out you can place your name on the wait list.

In and Around the Villa

HAPPY FATHER'S DAY to all the fathers, grandfathers, uncles, nephews, and sons of the world. What a wonderful day we will have to celebrate and give thanks for the men in our lives. May you all have a great year and thanks for all you do for us and with us!

Another important day to celebrate this month is Flag Day. A day to remember the sacrifices made by our founding fathers and the spirit with which they followed the Red, White and Blue stars and stripes in their search for freedom. Throughout the years our courageous men and women have followed our flag, fighting for our continued freedom. Be sure to fly your flag on June 14th, Flag Day. It will not only show your dedication to freedom but to thank our military for volunteering, for defending our families and us.

A new Chipotle Restaurant has moved into The Village at Las Sendas at McDowell and Power Roads. It opened on May 23rd. Finally a good Chipotle restaurant will be available to us, and we won't have to drive far for the experience.

It is important that we are all aware of the expense of operating DVCC. Our entire source of income is your dues. Therefore, with the recent judicial decision against us, please keep all doors closed when the air conditioning is on in the room you are working or playing in. Also, please turn off the water when you are not using it because we all know how precious water is to us living in the Southwest. Can you imagine trying to live without water? Every day we read or hear of the importance of water preservation; only we can do something about it. Conserve water!

If you have a pet and you walk him/her, be careful of the pads on their feet. If you've never walked bare foot on the driveway or sidewalk, you have no idea how hot it is. Believe me your pet knows how hot it is. He/She can't tell you when they are in pain, so it is up to you to be aware of the heat. Also, don't forget to take water along for your pet; you take water for yourself so they get just as thirsty as you and with all that hair they might even get hotter than you. Be kind to your pets, they love you unconditionally.

If you haven't removed all the citrus from your trees, it is past time. In order for your trees to give you good juicy citrus next winter, it is important that all fruit be removed. The reason for this is that the tree loses the nourishment needed for the new crop. The fruit still on your tree is taking it, and in depriving them your next crop will not be as large or as juicy. Besides removing the old fruit, don't forget to fertilize on schedule, and to deep water very slowly using the drip system.

WALK ON THE FUN SIDE – DOWNTOWN MESA, PART 2

by Alicia Short, photos by Glynn Short

So we continue on our walk in downtown Mesa.

Some of the interesting places to visit include Monster Land, a horror museum and attractions. One look in their window will give you nightmares. A comic book store, - the Gotham Books is a great place for comic book collectors and they have coffee drinks too. The Book Gallery is good for those looking for inexpensive books for all kinds. The Catholic Books and Gift store offer items for the Catholic faith clientele. Milano's Music store is not to be missed just to see the amazing array of guitars hanging on their walls. An antique toys store called Lulu belle's Toys is unusual. Her store includes toys, badges, Kaijii (whatever that is) art books, apparel and a gallery.

There are salons for hair and nails such as 120 Tranz Mation Salon and Spa, Le Studio Salon de Beaute, Mane Obsession Nails and

Hair Salon, just to name a few. There's a couple of photography studios and from the photos in the windows, you can get some beautiful portrait shots: Kimberly Jarmon's Photography and Still Life Studio and of course you can get your frames at Matage

DOWNTOWN MESA

Custom Framing.

And for the artist there are several galleries in the two blocks we walked in downtown Mesa. The Rusty Nail Art Gallery, OneOhOne Gallery Contemporary Gallery, and the SunDust Gallery are a few. The Sundust had an interesting concept. On

most Friday or Saturday evenings they have a BYOB artist gathering. Come in and paint and make friends, so they say. They also offer art lessons.

For that special day... (guy's take note) Jewelry stores include Dickman's Jewelry, Gunnell's Jewelry, Muralt's Custom Jewelry and Gallery and just off Main St. on Robson's is a neat store.... Twisted Sisters Designs. Also for a special day for the lady of your life is the Crisman's Flower Shop.

Not last and not least, I want to mention a couple of specialized stores. For the scrapbooker, the Mystic Paper store offers art stamps, altered art, antiques and of course, scrapbook papers. If you are looking to have a special shirt silkscreened you can find two stores... the Surf & Ski Promotional & Embroidery store and the Skirt Tails Screen Printing & Embroidery store.

Antiques, how could we forget that! The

Antique Plaza and Antique Plaza Annex are the two largest stores in the downtown area. Another one that seems to have a lot of western and Native American is the Antiques and History store. Browsing through these stores could alone take a couple of hours for the serious looker.

As you walk take note of the many arches down the street. Notice the patterns of light and shadows on the sidewalks. Smell the fragrances of the restaurants food, notice the colors of bright signage and take note of the many shops that offer one of a kind special services and products. Walk in and talk to the owners or people in the stores and get their "story" about how they started their businesses. It's enough to fill the senses and... exhaust the feet.

Well, I've walked you through an unending list of stores and just think these are all within a two block area on Main Street between Center and Robson. Hope you enjoyed the tour. See you next month for another day trip in Arizona.

From My View

by Charles Dubbs

The mornings are lighter, folks are walking for health, or the dogs are walking their masters for health, Dreamland Villa is alive with the sounds of the morning. I enjoy my early travels to the office, with people smiling and giving a wave. The sun is creeping over the Superstitions, as folks pull weeds and trim the trees. Yes, the majority of our residents take great pride in maintaining their homes. "Thank You" for that effort. Your pride in your

property is appreciated.

For those who are out and about, stop in one morning at John's Villa for breakfast. They have three special combo breakfasts for a very reasonable price, \$4.29 with coffee. If you are early enough, I might even be able to greet you one morning.

Please remember to check your calendar for the summer events. On the calendar once again is our Summer Ice Cream Social. Please remember the "social" part. This is a great time to get acquainted with the many residents who reside in Dreamland all year. Oh, volunteers are always welcome to assist in keeping the many activities thriving during the summer.

Now after all that, you knew that there was more: we are working, especially Gordon Watson, to keep reminding folks to clean up their property; be sure your dog doesn't become a nuisance; and, in general, work together to keep Dreamland Villa from looking like some other parts of Maricopa County.

You will also take notice that the "garbage can" issue has not been settled. The Board of Directors did officially change/clarify the rule this month. You can read the working elsewhere in the *Citizen*.

If you haven't been in to meet Jackie Young, our new secretary, take a moment to stop by. Remember, Jackie is still in training, so be "gentle"!

Take care, enjoy the pools, the summer and be safe.

Dreamland Tuesday Bowling League

by Ray Zabel

We are having a great time bowling every Tuesday 12:30 PM at AMF Bowling Lanes at Gilbert and Southern. It is not team bowling, and you don't have to show everytime but once you come you probably will want to come each Tuesday. You will have such a great time that you can't wait till next Tuesday. The cost is \$7 and there is the possibility of winning several dollars. Thirty percent of you who show win something.

Bring your family, your friends and others and it will be even merrier. You will find it is less expensive paying \$7 for three games then if you bowl three games on your own.

Below are some of the winners and their scores. We total the scores for the three games and add three times their handicap to obtain their total score.

The coming winter season starts Tuesday, November 6. We plan on adding two teams. That means we need eight bowlers. So all you bowlers out there if you are interested or you know someone who bowls, call Jan.

Just come and bowl and have a great time with some very enjoyable people. If you should need more information call Jan Zabel 480-396-4136.

Singles Club

by Fleda Krafczik

Hope all of the mothers had a wonderful Mother's Day. So now it is time to settle down for a long --- summer.

The club's potluck is always the 1st Tuesday of each month in Read Hall at 6:00 PM with many tasty foods, great companionship as well as table games or cards to make the evening complete.

Dine out was at the Mining Camp for yummy barbecue and live entertainment. Yes, we had a casino trip to Harrah's with a few happy faces. Then it was dine out again to Painted Mountain Restaurant. Lunch was out at Applebee's. A few club members had lunch with Maragret Schaeffer, who now lives in assisted living. Also a belated happy 90th birthday to Odella Tibbetts who is also in assisted living. They are very much missed.

The clubs meetings are the 2nd and 4th Wednesdays of each month in Read Hall at 9:30 AM. I encourage any singles, that are a members of Dreamland Villa Community Club to come to a meeting or potluck. For more information call Carol Curcuro at 699-5470 or Bob Pleasant at 981-7543.

Ceramic Chaos

by Teena Baker

Summer has arrived and our people are on the road traveling to places cooler or hibernating in their air-conditioned homes. Can't say I don't blame them. The 100° + temperatures can easily get us in trouble if we're not careful. So please, be aware and alert in all you do so you don't get dehydrated. The pools are a good way to help keep you cool, but don't forget the sunscreen. Of course, you can always go to the Mall (only walking, no shopping) to exercise in the cool air.

So have a safe summer. Try to stay **COOL**.

Ceramic Chaos has had a very successful and enjoyable year. A lot of new faces have shown up in the ceramic room. Some of our past members have returned with a desire to learn some new techniques and work on new pieces. There have been quite a few new homeowners stopping in to see what we are doing. Ceramic Chaos will be closing on the 23rd of June for the summer and will reopen on the 4th of September, so mark your calendar for those dates. Remember, ladies and gentlemen that all works in progress must be gone from the shop by the 23rd of June. Anything left on those shelves will be donated to Sunshine Acres. The morning of the 23rd of June will be a workday as usual. We will break at 11:30, clean up and go out for lunch. We will not be coming back to the shop to work.

We have 75 bowls for the hungry that we need help getting them painted. We only have the month of September to get the bowls painted and ready to be delivered to Mesa Community College in early October. PLEASE come help us paint them. Ceramic Chaos will provide brushes and paint for you to use as well as any assistance desired. Anyone who can hold a paintbrush can paint a bowl. We always have the coffee pot on and most of the time we have goodies provided by members of our group. So come join us in a fun day and meet our funny and crazy group of ceramists. There's always someone making comments that set us to laughing our crazy heads off. REMEMBER during the month of June the Ceramic Room will be open on Tuesday and Wednesday from 9:00 AM to 12:00 Noon and 1:00 PM to 4:00 PM. During July and August the Ceramic Room will only be open on Wednesday afternoon. So PLEASE come in and do a bowl for the homeless. The proceeds from the sales of these bowls go into the Mesa Food Bank for the homeless.

The Ceramic Room will be open on Wednesday afternoons from 1:00 PM- 4:00 PM from July 11th to August 15th. You will still have to pay for the use of the paints, but since there will be no teacher in attendance there will be no tickets needed. There also will be no firing of the kilns. The shop will reopen on September 4th. Have a nice summer everyone and be safe.

Quilting Club

by Becky Lamson

On May 2nd our member Marty Harris gave a lecture on machine quilting, using your home machine. It was very informative, and we all went away with many good tips to take home and practice on our quilts. Thanks, Marty.

Our picture for this month is of Snappy Bags that we did as our group project last month. It was a quick project that most members finished during our two-hour meeting. It makes a nice gift to young and old alike or something to keep for our own use. Our special project for June will be making a cell phone carrier. The date is tentatively scheduled for June 18th.

Most of our meetings during the summer months are open sewing so bring an unfinished project to work on. Also bring your show and tells items. Many of our special projects come from the show and tell session. We see it, like it, and want to make it, so you may be asked to facilitate a class on it.

We welcome your unused quilting fabric and batting. You can contact the Quilt Club President Becky Lamson at (480) 202-7003, and she will arrange a time to pick it up or you may drop it off during our weekly quilt meetings at Read Hall (May thru September) on Mondays from 1:00 - 3:00 PM.

New or prospective members are always welcome.

Quilters' quote of the month: Count your blessings/ Stitch them one by one.

Dreamland Villa Men's Golf League

By Ray Zabel

We are playing golf at Dreamland Villa Golf course for the whole summer. This course is in fantastic shape. The Men's Club starts at 7:30 AM Monday and Wednesday. If anyone wants to join, come at 7:30 AM and we will fit you in. The cost for walking is \$11.70 and with cart \$17.20. This includes the chance to get back \$2.00 to \$5.00 in chits to use in the Pro Shop. If you play and pay for a round of golf, you are able to play all day if you want. If you play at other times then with the Men's Club, walking is \$9.00 and with cart is \$12.50 and in all cases you can play all day.

Please keep in mind that last year this course was not open. I am one and probably you are also that want Farnsworth to have this golf course open all year every year. This is a valuable amenity to our community. What we need to do is play this course ourselves and also to advertise the course to all we come in contact and let these contacts know what a great course Dreamland is..

The Pope met with the College of Cardinals to

discuss a proposal from Shimon Peres, the former leader of Israel. "Your holiness," said one of the Cardinals, "Mr. Peres wants to determine whether Jews or Catholics are superior by challenging you to a golf match."

The Pope was greatly disturbed, as he had never held a golf club in his life. "Not to worry," said the Cardinal, "we'll call America and talk to Jack Nicklaus. We'll make him a Cardinal, and he can play Shimon Peres... We can't lose!" Everyone agreed it was a good idea.

The call was made and, of course, Jack was honored and agreed to play. The day after the match, Nicklaus reported to the Vatican to inform the Pope of his success in the match. "I came in second, your Holiness," said Nicklaus. "Second?!!" exclaimed the surprised Pope. "You came in second to Shimon Peres?!!" "No," said Nicklaus, "second to Rabbi Woods."

Some score we have had for the last few weeks:

Art Show Third Place Winners:

Photos of the first and second place winners of the March DVCC Art Show have been featured in the past two newspapers. This month we are showing the third place winners.

Beginner level winner is: Marie Kline for her watercolor, "Red Flowers." Advanced Acrylic winner is: Becky DeFord for "Discovery Lighthouse." Advanced oil winner is: Carol Morrow's, "Teton Spring." Advanced watercolor winner is: "Paige Creek," by Jennifer Prest. Advanced mixed media is: Nydia Pobran's pastel called, "Mighty Tide." In the Semi Pro category the third place winner is: "Sunrise Fishing," by Wilma Poland. Next month we will show the honorable mention winners.

Open Painting Days

For those of us left in town over the summer and fall months, open painting is a happening event. Tuesday afternoons, 1:00 PM – 4:00 PM and Wednesday mornings from 9:00 AM until about 11:30 AM are the days and times.

We will have this schedule at least through May and June and will see how it goes with attendees in July and August.

We Are Losing One Instructor

Unfortunately, Wini Barnett, our instructor for oils and acrylics, will not be returning to teach due to health reasons. There will be oil and acrylic classes, possibly taught by Alicia Short and Gretchen Price. An announcement will take place later. For now we do know that the Watercolor classes by Alicia Short and the Art in the Beginning Class by Gretchen Price and Portraits by Ila Wandtke will take place.

If there is anyone interested in teaching drawing, please contact me at aliciashort@msn.com.

I wish to acknowledge and thank Wini for all her years of teaching. She has inspired many and I know her students will wish her well. She will be greatly missed.

New Mat Cutter Donated

The DVCC Art Department has been given a new mat cutter that does all kinds of fancy cuts. Our many heartfelt thanks go to Donna and Gene Espey for their kind donation.

I'm sure the next art show will have some great looks.

Your Own Website

For those of you who desire a website to show off your paintings, there is a site for photographers and artists, etc. Go to www.FineArtAmerica.com and check it out. You can get a free website or for \$30 a year you get more benefits. Believe me that's not expensive compared to what some websites cost. I set mine up recently and in case you would like to see how it looks go to <http://alicia-short.artistwebsites.com>. It was a little confusing at first but I did manage to figure it out. Who knows you might sell something. I sold a painting already. They offer prints and cards to viewers, too. Plus I got a few nice comments; one from a man in Romania. If you set one up, let me know by email and I'll publish it in next month's Wet Paint article.

If you need photos taken of your paintings, Glynn does this with a small charge per painting.

We look forward to seeing our artist students back next winter.

Computer Club

by Donna Hanson

Now that many members have left for their summer homes, we have smaller groups coming to the classes. But there is always something to discuss when it comes to computers.

This is a good time for people with problems to come in for assistance as the instructors can give them personal attention.

Since many have their own laptops, it is much easier to detect what is wrong. Bob is at Room 9 on Tuesday mornings and Stu is conducting the Saturday Q/A class. Also, Open Lab is available with Stu on Friday mornings at 9:00 AM. Come at nine and bring your problems to them as they are capable of solving most things.

Since some of you have purchased the new smart phones and tablets which will be interesting to learn from you and other members when you come back in the fall. We no doubt will have a class especially for these projects.

Everyone is anxious to learn what Microsoft has in store for us when the next Microsoft OS comes out. We still will have XP, Vista and Windows 7 computers in use and plan to keep up with all the information on them.

And for those who are still here, we will continue to go to the Golden Corral every third Wednesday. Maybe we will see you there around 10:30 AM.

We do welcome new members any time of the year. Stop in and visit us.

Have a good summer and keep computing.

SUN AMERICAN MORTGAGE is Arizona's #1 Reverse Mortgage Banker!

Qualifying for a Reverse Mortgage is easier than ever! You could Save thousands by consulting with a Trusted Local Mortgage Banker!

The opportunity to get a Reverse Mortgage in Arizona has never been better. In fact, the company that wrote the first Reverse Mortgage in Arizona, Terry Turk, President of Sun American Mortgage, is the #1 Reverse Mortgage banker in Arizona. This is great news for seniors, because sun American mortgage has helped thousands of seniors gain financial freedom through a Reverse mortgage, and they have a track record of satisfied customers. Sun American Mortgage is a locally based and locally owned mortgage banker. In fact Sun American Mortgage is owned by the Farnsworth family, who have been helping seniors in Arizona for over 50 years. It's never been easier to qualify for a reverse mortgage and for seniors to get more money in their pocket. In fact, some mortgage bankers like Sun American Mortgage, have even sliced their own closing costs and eliminated their origination and servicing fees to put even more money back into the hands of seniors who qualify for a reverse mortgage. A reverse mortgage allows people who are 62 years old and older to convert their

home equity into cash without ever having to make another payment and with no out of pocket expenses. Instead of the homeowner writing a check to the bank each month, the bank now pays the homeowner who can elect to receive a lump sum, a line of credit or monthly payments. One of the biggest criticisms of reverse mortgages has been the fees, which before the new changes could have totaled up to 5% of a home's value. But the new cuts in fees, plus the discounts and cutting of their own fees at Sun American Mortgage mean that some homeowners can save \$15,000 or more on the closing costs. Parker Turk, from Sun American Mortgage also explained more about these savings. "The new calculations allow more seniors to qualify for a Reverse Mortgage. Over the past 12 months, many people that have called seeking financial relief just didn't have enough equity in their home, but with the new government changes people are revisiting a Reverse Mortgage as an option and are finding out they now qualify. In addition, at Sun American Mortgage we cut our origination fees,

servicing fees, and are now able to cut their closing costs putting that money directly back into their pocket." If anyone is considering a reverse mortgage, or would just like to speak to a trusted advisor to see if a reverse mortgage would be right for them, it is recommended that you consult with a company that will be big enough to handle whatever needs you may have, but also that you find a local business with a great reputation so that you can meet face to face with your banker, and get the answers you need, from a company you can trust. Sun American Mortgage is Arizona's Largest Reverse Mortgage Banker and the wrote the first reverse mortgage in the state of Arizona over 20 years ago.

For more information, just call Parker Turk or Rex Duffin at Sun American Mortgage (480) 832-4343 or toll-free at 1(800) 469-7383.
