

**HAPPY MOTHER'S DAY!**

## 5400-5500 E. Billings and 200-300 N. 55<sup>th</sup> Place Combine Neighborhood Watch Meeting

by *Katie Senke*

Our first combined Neighborhood Watch Meeting was held Saturday, April 6, 2013, at the home of Rita (co-captain) and Mack Komnick. I'd like to give a big thank you to our hosts for their hospitality. And thank you to all of

our concerned neighbors who attended.

As our neighbors arrived we signed them in and gave them name tags. I gave a brief talk about Neighborhood Watch and answered some important questions. I would like to remind everyone in our community if you see something suspicious or out of the norm, please call 911. Please

do not try to handle the situation on your own.

We spent the rest of the afternoon enjoying the good food, talking, and meeting our neighbors. As the party was coming to an end, it was suggested we get together again for a potluck. Perhaps, we will get to know our neighbors so we don't need to wear name badges.

### Neighborhood Watch Meetings Continue to Get Organized 6000 - 6100 Blocks on Butte and 300 Block of 61st Street

by *Kay Hawbaker*

The first meeting of the Butte Street Neighborhood Watch was held on Saturday afternoon, April 6, 2013, at the home of the Block Watch captain, Kay Hawbaker. It was a very warm afternoon, but that did not dampen the turnout. We had a wonderful potluck with Sloppy Joes and coleslaw plus many other excellent dishes to complete our dinner.

Barbara Miller, the area coordinator, was there to welcome the block members to this new effort from the Maricopa County Sheriff's Office to involve neighbors to help prevent crime in the community. She said that our job is to know each other, to be suspicious and alert, and to report activity which may be criminal in nature.

Co-Captain, Diane Eklund told the people attending the gathering that she plans to have the next meeting in late October hoping that the majority of winter residents would be able to attend.

Other areas of the country do Block Watch gatherings on the first Tuesday of August during National Night Out. That time of the year isn't good for full-time residents of Arizona, as that is the warmest time of the year. Several individuals mentioned that they had lived in other areas that organized and that they were happy to sign up. So, whenever a neighborhood gets together, it is a good thing.

### Neighbors Are Getting Acquainted 6200-6300 Block of Duncan and 63rd Place

by *Jean Hammil*

The 6200-6300 block of Duncan Street Neighborhood Watch is off to a great start with our first meeting held on Sunday, April 14, 2013 at the home of Barb Nelson. A large group of neighbors attended and enjoyed having our neighbors from the end of 63rd Place join the Duncan Street "Gang". We all met NEW people and started getting acquainted.

A special thank you goes to Barbara Nelson for hosting this event and serving numerous and delicious deserts which were enjoyed as we visited.

Thank you also to Ro-Ellen Shepard and Beverly Pasbrig who assisted loading attendance information into the computer and taking care of the invitations for

this event. Ro-Ellen's daughter, Winona, designed and made a sign (for all of our activities) for the Duncan Street Neighbor Watch.

Barbara Miller, Neighborhood Co-coordinator for DVCC, gave a presentation on the Neighborhood Watch program's organization, how it functions and several question/answer items. Thanks, Barb.

We were fortunate that Jean's nephew, who has had twenty-five years of law enforcement experience, spoke on current crime trends, scams, fraud and identity theft. He emphasized how important it is to have a Watch Program. He was very honored to be invited to speak at our meeting. He said, "This is the best

thing neighbors can do make their neighborhood safe."

We all are looking forward to our next "Get Together". We hope more of the 6200-6300 Duncan Street neighbors can attend so we all can get better acquainted.

### Decatur Street Gathers for Block Watch Meeting

by *Becky DeFord*

On March 23 the residents of the 62nd block of Decatur Street were invited to the home of Robert and Sue Burns for a pitch-in lunch and Block Watch Party Meeting. This was the second meeting at the Bruce home and everyone is grateful for their generous hospitality in opening their home and hosting the event.

Dave DeFord, Block Watch Captain, was able to sign a very good majority of the residents on the block and look forward to more informative meetings. We were very happy to have as guests Detective Sergeant Ben Armer from the Sheriff's Department and Deputy Sheriff Jason Miller who serves our area. They brought our attention to some of the methods people are scamming senior citizens and stealing identities. In addition Sue's son, John Burns, a private detective from Los Angeles, California, added more information. More of this type of information will be made available at future meetings throughout Dreamland.

## The President's Message

Given at the Swearing-in Ceremony April 1, 2013

By John P. Mathews

Thank you all for coming here on this beautiful spring day. Thanks to our returning board members and our new members for your willingness to serve the citizens and neighbors of Dreamland Villa.

During the last few days of cooler weather two of my beautiful Bougainvillea plants in my front yard were hit hard and looked as dead as they could be. We visited with our local nursery and were told to cut these bushes back almost to the ground if we hoped to save them.

As we completed this task I stood back and remembered these beautiful plants when their blooms made my yard look so nice, and it hurt to see two five inch bare sticks poking up with only a hope in my heart that they might survive. Days past and turned into weeks and my patience was running thin. I was ready to buy new plants and start over, but my dear wife said, "Have patience."

Then one day I was looking at these sticks and saw two tiny green leaves barely poking out of the ground. My hope was strengthened that maybe, just maybe, my plants would survive and bloom again in this new day.

So it is with Dreamland Villa. It has been through a cold snap and has been hit hard. The treatment was a severe cut back, but we see today the new green leaves of hope bursting forth. I salute "Red" and all those present and former Board members who served and gave their all during the difficult days.

But that is in the past and spring has come and with it a new beginning has arrived. I accept the sacred trust of being your new president. I come with a renewed hope for better

days. My hope is to encourage and embrace the thoughts and expectations of the citizens of this area and to work together with our current Board members to make Dreamland Villa the rosy community that existed in the dreams of our founder so many years ago.

To those who espouse only negative views and claim we are dead, I firmly reject such claims and boldly proclaim that not only are we alive but growing in a positive direction. I am honored and look forward to serving together as a united Board to find common ground to sink the roots of vitality into, as we solve new challenges, and join hands to make progress to insure the value of our homes, and the beauty of our peaceful neighborhoods, now and into the future.

As you know, with life things keep evolving and changing. For example, of our twelve Board members volunteering to work you today, seven live here year-round. Because of this I am hopeful and will propose to our new Board, that we hold Board meetings and study sessions year round. During the summer work doesn't stop, and problems arise that need to be addressed. We want the citizens of Dreamland Villa to know that your Board will be on the job. At the same time, we want our kind friends on the Board who have summer responsibilities in other areas of the country to know that they will not be excluded from participation as the work moves on. Through the use of E-mails and phones all Board members will be involved. We want to be inclusive, not exclusive.

Now, to the community may I say that we need your influence. We invite your participation and hope to see you at our open meetings. The tradition of open meetings will continue. We hope you have noticed already additional public notices on all bulletin boards around our site, including at our pools, announcing our study sessions and Board meetings. Please come and add your support to our efforts. And to those who are not paying their dues, we hope we can regain your trust so you will feel good in joining with us again. We invite you back. This is a great place to live and enjoy all that Dreamland Villa has to offer.

It would be my hope that someday our resident participation would be so great that our meetings might need to be held in Farnsworth Hall. Thanks to the many volunteers who do so much for so many. Too often your efforts go unrecognized, but it is because of you that we exist today! Spring has come; new Board members are in position so let's move forward with excitement and enthusiasm into the future of this new day for Dreamland Villa! Thank you!

## Farnsworth Apartments Higley and University

by PJ O'Malley

Tables lined with pies and casseroles, steaming veggies, fruit plates and beverages galore. It was a bachelor's dream come true--endless goodies to sample and slurp, a vast clutch of friendly neighbors I had never met, golden April weather, and a good reason to celebrate. This was Block Watch 2013 on a recent Saturday at the Farnsworth Apartments, corner of Higley Road and University Drive. What better way to launch a successful program of community security than by staging an ol' fashioned potluck to bring out the best in unacquainted "pre-friends." So, we accomplished the first goal of our Block Watch program, getting to know the guy/gal next door for added safety and security.

At your next meeting of the program, I encourage you to get involved--you'll be better for it, even if you're not single, and the various dishes will be tastier, too!

## Dreamland Is Seeking More Block Watch Captains

by Barbara Miller

It is the goal of Dreamland Villa to have Block Watch represented on every street in the community. However, in order to do that, residents have to volunteer to serve as a captain for your blocks. The purpose of Neighborhood Watch/Block Watch is to help cut down on crime with neighbors looking out after each other. It is not a difficult job to serve as a captain. One must contact each resident on the block to have them sign up for Block Watch. Then the neighbors must gather together twice a year to meet the requirement for the program.

Katie Senke, co-coordinator, and Barbara Miller, coordinator of DV Neighborhood Watch, both commented, "It has been a wonderful experience and most exciting to see residents come together, meet, eat, and

**Block Watch**

really get acquainted with one another. This is nothing more than a win-win situation. We certainly hope more of our blocks will join this wonderful opportunity to make our community safer."

If you are interested in serving as a captain, please contact either Katie (315-656-7879) or Barbara (396-6791) for more information.

# News from the Librarian's Desk

by Margie Gilbert

It is not yet officially summer, but it sure does feel that way, doesn't it. When the heat forces you to spend the afternoon indoors, be sure you have a book or two to curl up with while you sip on that iced tea or lemonade. Our summer hours are now in effect. The Dreamland Villa Library is now open only Wednesday mornings from 10:00 AM until Noon and the first and third Saturday of each month from 10:00 AM until Noon. Our volunteers will be very happy to see you.

When you check out a book, you will also notice that the due date will be Wednesday, September 4<sup>th</sup>. Please remember that you can only check out one newly purchased book (those on the shelf just behind the returns desk) at a time. This is to enable as many people as possible to read that new book in the two months before we put it in the regular collection where it is less visible. You may take as many romance as you like or several from the normal shelves.

We continue to receive many wonderful donations. Thank you. Our purchasing dollars are limited, so your donations help keep new titles in our collection. If you do have new titles you would like to see added to our collection, please let us know by adding the title to our request list on the table where you sign in.

Barb Thacker, our head librarian, went shopping at the end of March, and here are the new titles: in the mystery section you will find: Clive Cussler's *Striker*, JD Robb's *Calculated in Death*, James Patterson's *Alex Cross Run*, and Brad Thor's *Last Patriot*. New to the fiction paperback section is Richard Paul Evans' *The Road to Grace*. Remember, one at a time.

Have a safe and happy summer. If you are leaving town for a few weeks, or a few months we wish you safe travels. Come back and visit us when you can. We'll be looking forward to seeing you.

### The End of the Road

by Sue Henry

Sue Henry is one of several female mystery writers based in Alaska. They have several things in common. The main characters (protagonists) in each book is female whether an active PI or the spouse or lover of an Alaska State Trooper, or just and interested, inquisitive lady who asks questions and gets involved in solving a mystery or crime. Each author has a specific area in Alaska in which they center most of their stories. The third thing they seem to share is the gift of describing the surroundings and incredible scenery with enough detail to make you feel as if you have been there.

The town of Homer, Alaska, is located at the head of a sand spit that goes several miles into Kachemak Bay. Homer is known as "the end of the road." The past few years Maxie McNabb has been spending winters in her motor home in the south 48. This year, however, she has decided she needs a winter at home. In this book, Maxie and her mini-dachshund "Stretch" take a walk on the spit one fall day and encounter a stranger. As it begins to rain and blow, Maxie offers the stranger, John Walker, a ride back to town to The Driftwood Inn where he is staying. They discuss books and other things and Maxie invites John to a gathering at her home the following evening.

The evening goes well with good food, fellowship, and books exchanged. Monday morning, books that a friend of Maxie's had loaned John Walker at the party were on her porch, with a note of thanks and farewell from John. She assumed he had left town on the bus as he had mentioned. When she gets a call from the owner of the Driftwood Inn and is later transferred to a State trooper, she suspects he may have stolen goods, but when she gets there it seems to be she is part of a homicide investigation. John Walker has been found dead in his bed, an apparent suicide. She has very little to tell the State Trooper, so is sent on her way.

Running errands, the next day, Maxie returns the books John Walker had borrowed to her friend Lew and then goes to the local liquor store to replenish her supply which had been decimated by the party over the weekend. While there she stops at the whiskey display and the name Johnnie Walker jumped out at her. Looking at the rest of the display she reads, Jack Daniels, Austin Nichols, and several other male names used as brands for whiskey.

Solving this mystery involves a twisted tale of a long ago love triangle in far away New York City. It also nearly gets Maxie killed, but her faithful Stretch and an on the ball State Trooper save her for more stories down the road.

# In and Around the Villa

by Mary Anne Glauner

Happy Mother's Day to all the mothers, grandmothers, aunts, and sisters who will be celebrating this great day. In 1908, Woodrow Wilson dedicated the second Sunday of May to honor all mothers on Mother's Day. When I was younger, I remember being told that fathers are the head of the family, but the mother was the heart! And they do have very large hearts!

For all you firemen and firemen wannabes were you aware there is a Firehouse Subs at Power and McKellips Roads. They have all sorts of memorabilia to make you feel like you are in a fire station. Check it out! Remember when I wrote in January that Sweet Tomato had changed from an all you can eat buffet to a pay as you choose? Well, they listened to their customers and have changed back to the buffet again. However, I don't believe they reduced their prices. You can check it out.

Thank you to the out-going members of the Board of Directors for the time you spent volunteering and doing your best to keep our Community Club the wonderful place we all enjoy. At the same time we want to wish our new Board of Directors our continual support and thanks for giving of your time to make DVCC the happy place to live.

Welcome to the new Board of Directors of Help Services. If you have never availed yourself of the services offered at Help Services, you have no idea how lucky we are to have this wonderful service available to us. If you need any type of medical equipment, it is available for free to all the residents of DVCC and Velda Rose. If you had to buy this equipment, it would cost a lot of money. Not only is the equipment available, but every piece has been cleaned and kept in good working order. Thank you, Help Services Volunteers!

To those stragglers who have been here long enough to feel some of our heat have a safe journey to your summer destination. However, this year everything seems to have bloomed earlier than normal, so you have smelled the orange blossoms and seen the cactus and jacarandas bloom.

Use a staple remover to save your fingernails when trying to add things to your key ring.

Fill a plastic water bottle a quarter of the way full and lie on the side and put into freezer. This way when frozen you can fill with water and have ice cold water on the go.

Microwave an ear of corn. When cooked, cut off 1/2" from bottom, carefully squeeze from the top and the cob will slide up and out of the peels without the hair, etc., ready to eat.

Use half of a pool noodle to protect your car door from slamming against the garage wall. Just cut a noodle in half and attach it to the garage wall with glue, nails, or a staple gun.

Use a spring from an old pen to keep your charger cord from bending and breaking. Just wrap it around the cord and slide against the charger.

Put a small glass of water in the microwave when you microwave your pizza to keep the crust from getting chewy or dried out.

Don't burn yourself when lighting those candles with hard to reach wicks; light a stick of spaghetti and light the wick with it.

Drill holes in the bottom of your garbage cans to make it easier putting in & removing the bags much easier, no suction issues.

When heating leftovers, space out a circle in the middle of the food, it will heat up more evenly.

Need a flathead screwdriver? Basic power plugs usually fit medium and large-sized screws.

If you're at a hotel and run out of USB ports, the TV usually has a USB port.

## From the Office

by Jackie Young

As May gets underway, the office begins its summer hours. Irene and I are here to help you Monday through Friday from 8:00 AM to Noon. One of our summer projects is upgrading the Dreamland Villa calendar to help smooth out the scheduling kinks. Help us by making sure you let us

know of any changes in your club or activities schedules. Our complete calendar will be available on the website at [www.dreamlandvilla.org](http://www.dreamlandvilla.org). Did you know you can also read the *Citizen* on the website? We'd love to have our winter visitors keep track of us while they are back in their summer homes. As for what we will be up to, you will just have to stay tuned to see what our new Entertainment Committee has in store for us.

1 cup	Diced ham

1 1/4 tsp	Garlic powder
Salt	To taste

Mix all ingredients except hash browns; bring to a slow boil, stirring often until cream cheese is melted. Add hash browns and heat slowly to a boil. Make sure hash browns are tender (done).

## Help Services, Inc.

by Betty Mosier

We've had a few people say that they didn't know we were here and wanted to see just what we had in our warehouse. I asked if they had been reading their *Citizen* paper that is supplied them, where I write telling them some of the many things that we have at their disposal. They usually say no.???? What a shame. How can you know what is going on around you if you don't read the papers, which have so much information and good news about Dreamland Villa and Velda Rose in them, and all for free to all people, even the nonmembers. The editor usually puts a little picture of something like wheelchairs, etc. to draw one's attention to the article about Help Services which should help.

If you need a hospital bed (not electric, for insurance purposes) wheelchairs, walkers, commodes, crutches, stools for shower or bathtubs, and most anything else that you might need if you have had a stroke or are recuperating from an illness or operation is available here. Everything is well cared for and clean when you get it. We have a nice Hoveround power chair, like you see on TV. It can be obtained for a reasonable donation.

We are at 5210 E. University next to the Gerber Furniture Store at Higley and University Drive.

We are so lucky to live in Arizona. There is something blooming all year through and now more and more will be blooming: Saguaro Cactus, Bougainvilleas, Mexican Bird of Paradise, which is so faithful and long lasting, the Palo Verde trees are so pretty with yellow and green and so many more pretty things. Not a lot of trees without leaves and looking dead all winter, like in the north and east. If we get a few cloudy or rainy days we hear a lot of complaining, since we do have sunshine most days, and we do like to grumble. We have some areas that have a lot of huge boulders, like in Texas Canyon, and I have never heard why they call it that, since it is not in Texas. Does anyone know? I felt like that when God made this world that he had all these boulders left over, so he just dumped them all together. We have so many beautiful scenes, including all of these boulders and I love it all.

We are completely funded by donations from the members of our two communities. Please help support this vital service by sending your donation today to Help Services, Inc., 5210 E. University Drive, Mesa, AZ 85205. Remember, your donation is tax deductible.

WE wish all of you a happy and healthy summer.

And it is likely a new extinguisher will be needed above the fryer in the restaurant. Harry Cole volunteered to check into it.

Anyone living in DV for over a year is certainly welcome to attend also. Activity chairpersons should call and sign up to speak if they wish but only have three minutes to talk about their activity.

Website: Dorothy Randall encouraged residents to visit the DVCC web site during the summer months.

Nominating Committee Report: Dave Senke thanked the volunteers who helped with the nominations and elections.

Block Watch: Barb Miller reported the Block Watch program is going well. There are 13 blocks in progress. A captain is needed for any block that wishes to participate. Two meetings are required a year with 50% or more block residents in attendance.

Old Business:

Wording on the lettering for the Dreamland sign at Read: "55+ Community" a vote was called to buy letters not to exceed \$500. It did not pass. Ralph Shirey will look into purchasing matching letters for the sign for reasonable rates.

Recorded by Andrea Hill

# Dreamland Villa Community Club Board of Directors Study Session

March 5, 2013

The Study Session was called to order by President Red Westall at 9:00 AM. He reported the passing of Ross Farnsworth. It was suggested a floral bouquet or plant be sent to Mrs. Farnsworth and the flag be flown at half-mast. Photocopies of an article in the newspaper were passed around giving information about septic systems in Mesa being replaced by city sewer in the future.

Andrea Hill is still the temporary secretary. She called the roll. Present were Wendall Black, Agnes Forsyth, Doris Gruner, Steve Holleque, John Mathews, Frances Skaggs, Patricia Thorpe, Jerald Westall, Larry Wilkens, and Lyle Wood.

Old Business:

Discussion about adding the words "55+ Senior Community" to the Dreamland sign

was tabled for a future meeting since no action was taken on research.

A line item was added to the budget to reflect monies earned from the shuffleboard courts. Red said he would research the cost of 2 or 3 more courts being resurfaced, if the budget will allow it.

There is a five-foot trophy in the office won by Dreamland's Shuffleboard Club. This traveling trophy had not been won by DVCC since 1968.

Dennis Zurbay reported on the completion of the audit. Dennis said a better term would be "financial review." He thanked Lane Allen, Steve Dinsmore and Charles Dubbs for their help and expertise. John Mathews moved to accept the report. Motion was seconded. It carried. The findings will be made available for

the board and discussion at the next meeting.

Larry Wilkens said the next Nature Trail clean-up will be Wednesday, March 13. Persons interested in helping should meet at the trail next to 54<sup>th</sup> Street.

John Mathews reported sixteen persons are signed up for the CPR class so far.

New Business:

Aggie Forsyth led a discussion on changes to wording in the rules and regulations on page 12, item 6 dealing with penalties to homeowners who don't comply. It is no longer valid since the lawsuit judgment. She said she would rewrite the wording and present it to the Board for discussion and voting. It was suggested a committee should be formed to thoroughly examine all the by-laws, rules and regulations to bring them up

to date and in compliance.

Larry Wilkens handed out a spreadsheet that showed his research for one year on energy usage for Dreamland, both gas and electric. His goal is to find areas where waste can be discovered and eliminated. It was suggested SRP be asked to come and make an energy evaluation.

Patty Thorpe led a discussion on DVCC individual clubs that earn money and/or request funds from the board. There will be guidelines discussed and drawn up to make it more equitable for all the clubs, not just a few. IRS-1099 forms will be sent to all the entertainers and clubs who earn money in the amount of \$600 or more.

Lyle Wood moved to adjourn the meeting. John Mathews seconded. Motion carried.

### “American” DVCC March Talent Show

by Alicia Short

Dreamland's Got Talent...so it said on the program of the March 20th DVCC residents Talent Show. Ten acts were performed by citizens of Dreamland.

First up on the program were Frank Walker and Donna Duffy with a song from the play/movie, Oklahoma, "People Will Say We're In Love." They were accompanied on the piano by Sylvia Klonglan. Next up Betty Maynard performed

as funny and cute skit called, "Dreamland Hospital." Russell Mathias sang two old classical songs- one written in 1724 and one in 1835. Larry Ellar played his guitar and serenaded the audience with a number of Elvis Presley songs. Closing the first act was Sylvia Klonglan with a beautiful piano piece called, "Romance."

The second act opened with a poem by Frank Walker - a story of Jonah and the Whale. The

ever talent show present and known, Dennis Zurbay, appeared in his white shiny Elvis costume to sing a few Elvis songs. Patty Thorpe and Richard Schlanghaft delighted the audience with a skit about a shotgun wedding to the tune of "Going to the Chapel." Kelsey Daughtery serenaded the audience with tunes made popular by Engleburt Humperdinck, "So I'll Sing You to Sleep After the Loving," "It's Impossible"

and "Lay Your Head Upon My Shoulder." Closing the show were the popular Dreamsteppers, DVCC's own tap dancing ladies, who performed their tap dance to "If I Were a Bell." Deamsteppers are Nancy Cole, Lind Roujan, Kay Murphy, Sharon Straley, Betty Zachman, Linda Rippe, and Heidi Bonbright. The finale of the afternoon had the entire audience singing along to "America the Beautiful"

Proudly serving the entire Valley area!

## Arizona Day Trip Sea Life Arizona

by Alicia Short, photos by Glynn Short

Are you a shark lover, an octopus admirer or a clownfish groupie? Perhaps it's the mysterious seahorse or the Smiling Cow-nosed Ray that you love the most. Maybe you simply can't decide!

At SEA LIFE Arizona you can make up your mind and see them all - from the curious and the rescued to the rare and the enigmatic. And you'll be able to get closer to them than ever before. --- so says the description of Sea Life Arizona on

their website. Sounded intriguing, so Glynn and I decided to check it out.

Sea Life Arizona is located at the Arizona Mills Shopping Center on Priest and the I-60; a short 15-20 minute ride out I-60 heading west.

Admission price for seniors is \$15.50 each...which I thought was a little pricey for what you get. Although what is there is really well done and very interesting.

At the rock pool....this is where you get (a little) wet! You can check out what lives in the rock pools around our coast. Touch the star fish and sea urchins. Not me! But the little girl who looked about two years old near us wasn't afraid to.

Each of the fish displays was themed and very cleverly done. In the aquarium tanks we saw a couple of varieties of shark, one named Jr; a Great Pacific Octopus named Loki, Angel Fish, jellyfish, lionfish, cowfish, clownfish, Clown Trigger Fish; fish, fish and more fish. Sea turtles, sea star, seahorses, hermit crabs and a few varieties of rays were visible. Patty is the leader of the school of Rrys and they like to look at us. There were even some fish who stared out at us too like we were the ones on display.

There are a lot of educational things you can learn about the fish and sea creatures on display. Did you know the male

seahorses looks after the brood of babies in his pouch, so the female can start producing a new batch of eggs immediately, to increase the total number of young the pair creates? Did you know adult sea turtles can grow up to nearly 5 feet and 300 pounds! Clownfish are beautiful little fish. They

don't like to stray too far from their home base - usually a sea anemone. They are also able to change sex, which the dominant male would normally do when (if) the female dies. The blacktip reef shark is one of the few species that can leap completely out of the water. This phenomenon, which seems to have an explanation in the shark's attempt to get rid of any parasites on their body, is called "breaching." That's just a taste of what you can learn at the Sea Life Arizona Aquarium.

To learn more go to their website at [www.visitsealife.com/Arizona](http://www.visitsealife.com/Arizona). This is a great place to take your visiting grandchildren or great grandchildren. Also at the mall is a beautiful carousel. We took photos of it, too... just might be inspiration for a painting.

## Photography Club

by Alicia Short, photos by club members

The Photography Club meets on the first and third Mondays of the month; time is at 10:00 AM in Read Hall. Usually the first Monday is a field trip with showing of the photos on the third Monday. If interested, call Glynn Short; phone number is in the DVCC directory.

### FIRST PHOTOGRAPHY CLUB SHOW WINNERS

To continue our winners of the Photography Club's 1<sup>st</sup> Annual Photography Show we are presenting a couple of 2<sup>nd</sup> place winners that didn't make it into the last issue of the *Citizen*....**Landscape category:** Orest Pobran for "Crooked Trees." And in the **Flowers, Plants, Trees category,** Kay

Zelko for "Apricot Brandy Trio."

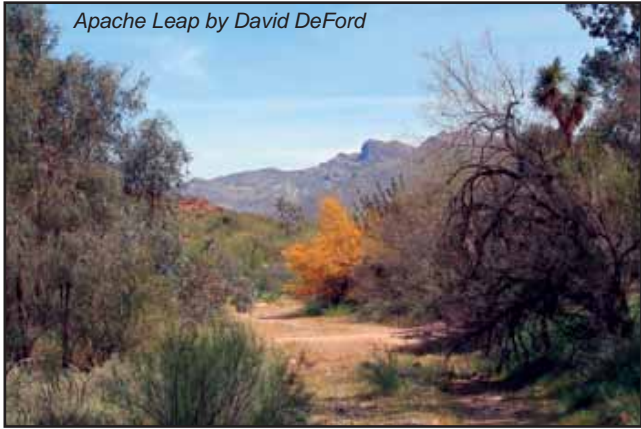

### APRIL FIELD TRIP

In April the club members had a field trip to the Boyce Thompson Arboretum located east on I-60, only three miles from Superior. It was a great time to go as the spring flowers were in bloom. Hummingbirds, butterflies, and singing birds added to our photography opportunities. The trails go on for over a mile or so although we didn't walk the entire way this trip. Attending were: Dee Fragomeni, Dave and Becky DeFord, John Aherns, Steve and Treasa Fox (our newest members), Kay Zelko, Janice and Milt Kane and Glynn and I. The club then met on April 15 to show results from the trip.

The Arboretum offers membership to couples for only \$45 a year and with that you can go into the Arboretum free as often as you want. Discounts are given to members for classes... some in photography, a gourd painting class and medicinal plants are in the offering.

I was surprised there were so many people as I thought a lot of our winter visitors had left by this time. As a group we also had a picnic and enjoyed the beautiful day in the picnic area.

The next meeting dates are on May 6<sup>th</sup> (with a field trip somewhere) and 20<sup>th</sup> to show photos from that trip. The club will shut down from June until September. For information about the Photography Club, please contact Glynn Short; phone number is in the DVCC directory.

## Ceramic Chaos

by Teena Baker

April showers bring May flowers. Spring has arrived here in Ceramic Chaos. Our people are busy doing gnomes and frogs as well as horses and dragons. Our winter friends have all gone home, the traffic has slowed down, our restaurants aren't as full, and our classes have a smaller attendance. Those of us who are here need to try to fill in some of our empty space.

Carmen Malsonado painted "Babe" the pig over several weeks. The picture does not do Babe justice. Babe has curly hair, long eyelashes, moveable eyes and a ribbon around her tail. If asked I'm sure Carmen would be pleased to present Babe to you for an introduction. Carmen takes great pride

and time with her pieces. Her very first piece was the great Statue of Liberty. The overall

piece stands almost 30 inches tall and was done in two separate pieces. Carmen has been attending Ceramic Chaos for over two years and prior to that had never held a paint brush in her hand.

Ceramic Chaos has a fair amount of empty bowls that need concerned sets of hands to design and paint. We have the brushes and glaze, stencils, and patterns, all you need to do is apply the paint. We also do the firing of the bowls. Come in and lend us your hands and see what you can do. We have 40 bowls completed with 160 left to go. We always have the coffee on and goodies. Our ladies and gentlemen sure do know how to cook.

Ceramic Chaos would like to say a big

"THANK YOU" to everyone who has donated items to us, such as, greenware, bisque, brushes (new and used) paints and glazes to us. When we receive donations like these, we put the items in with our "share supplies/ brushes". These are made available for our new members to use until they are able to purchase their own. Ceramic Chaos also has other possibilities of donations being made to us before we close for the summer.

Our luncheon date for May will be the 15<sup>th</sup> which is the third Wednesday of the month. We will be going to the Cheesecake Factory at Superstition Spring Mall. There will be a sign up sheet in the classroom. Come join us.

## Quilting Club

by Becky Lamson

Our picture this month is of a finished quilt. The hand pieced top was in our fabric closet waiting to be quilted. The quilt top's donor is unknown. Les Starks took on the quilting task and wanted the quilting to look hand stitched even though he was quilting it on the long arm machine. He was successful in his endeavor and the quilt looks like it was handmade. Our club now would like to find out who pieced the quilt and donated it to our quilt club so that information can be documented on the quilts label. If anyone knows anything about the quilt please contact me at (480) 202-7003 with the information.

We made a delivery of 22 quilts and 15 pillow cases to Helen's Hope Chest the last of March. The told us they were out of pillowcases so during our second meeting

in April we again will stitch up pillowcases which will be delivered soon.

We also delivered 26 quilts to the Veterans Hospital where they were greatly appreciated.

April 4th we had our quarterly business meeting. After the meeting we put together fabric kits for the pillowcases we would work on the following week.

We welcome your unused quilting fabric and batting. You can contact the Quilt Club President Becky Lamson at (480) 202-7003, and she will arrange a time to pick it up or you may drop it off during our weekly quilt meetings at Read Hall, Thursdays from 1:00-3:00 PM. New or prospective members are always welcome.

Quilters' quote of the month: A bed without a quilt is like a sky without stars.

### Dreamland Tuesday Bowling League

by Ray Zabel

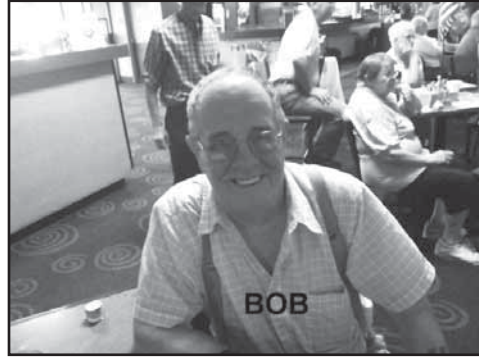

The winner of the second half "No Control" (Jim Brown, Rodney Baptista, Nancy Saathoff, Andrea Hill) bowled the first half winners "Good Guys" (Harry & Nancy Cole, Bob & Betty Rodocker) on March 27. This was a close roll off with the each team winning a game. The third game was very close until the last three frames and the "Good Guys" came out the winner.

Our awards banquet was held at the Golden Corral on April 9 at 3:30 PM and there was one hundred of us participating which includes eating. We started out electing officers. Harry Cole made the nomination motion to stick with those in office and a loud roar with a second. So another year for Ray Zabel, president, Wayne Brown, vice president, Jan Zabel, secretary, and Darlene Poynter, sunshine chairperson.

We gave out \$3200 to the twenty-one teams for wins and other stats as follows. There was payouts for eight places for High Team Series Handicap, High Team Game Handicap, Men's High Series Handicap, Men's High Game Handicap, Women's High Series Handicap and Women's High Game Handicap. We also gave a prize for most improved, high average, and for perfect

attendance.

The last bowling day we bowled three games of nine pin. Each bowler put in \$3.00. We had 28 winners and when bowling nine pin there is a lot going on. ### Thank You, Dreamland Senior Bowling Group

We, Jan & Ray Zabel, want to thank the Dreamland Senior Bowling Group for their loving and caring appreciation they have shown to us. We can not thank you all enough for the gift of hugs and kisses along with the

gift cards. It is so easy to work with such wonderful people which is seen in the joy and laughter we see every Tuesday. Over the past twelve years we have made such wonderful friends. Again, we thank you all.

### Singles Club

By Lois DeLong

It was another busy month for the Singles Club. Our featured trip was a visit to the beautiful Japanese Friendship Garden in Phoenix. This is an oasis in the heart of the city with gardens, ponds, stone footbridges and Japanese sculpture. A very enjoyable and delightful visit.

In April our quest for a variety of restaurants included a hearty breakfast at the HenHouse, a tasty lunch at Christines, and a fine Italian dinner at Carrabas. We also enjoyed our annual

picnic at Red Mountain Park on a lovely, sunny day with good food and good company.

Though some of us may leave Arizona for a few months, the Singles Club keeps going strong with lots of plans and activities ahead. Our potluck will be on Tuesday, May 7, at 6:00 PM at Read Hall. Our meetings will be on Wednesday, May 8 and May 22, at 9:30 AM at Read Hall. Come join us and see what's coming up for the summer months. For further information, contact Ruth Mogen, 985-6677.

### Computer Club

by Donna Hanson

We hope all our friends who left town had a good trip home as we will miss each of you. In the meantime, those of us who stay here in Arizona for the summer will keep busy with our activities. Many classes will be slowing down, but we hope to keep a few things going. Computer problems seem to always pop up, and it is nice to have someone to converse with when they happen. Bob O. plans to be here this summer to help others.

Several members attended the Computer Technology Conference held recently at Ft McDowell of which I am sure they learned much while there. It is always interesting when you can get information from the many professionals at those meetings..

It is amazing to hear and read about all the new technologies coming up. Even

though we hesitate to consider some of it, we find we eventually get involved and enjoy it. Those of us learning about the IPAD and all of its capabilities know there is so much more to learn. The best thing is we can help each other and that is what our club is all about.

For those remaining in the area, you can check the calendar, which is posted on the door of Room 9 for any classes that will continue until further notice. Also a calendar will be available at the main office.

Since we all love to eat, we will continue the brunch on the third Thursday of each month at the Golden Corral. Come around 10:30 AM and enjoy the food and conversations.

Wherever you may be, do enjoy yourselves and your friends.

The winter season is over and we will miss those we call snow birds. When you see those we soon have called friends, real golf friends leave for their home golf courses we lose a lot. Next October we will see them come to our God country for another season of all types of things to do including golf.

On March 20 we played a scramble and the winner was (Gary Goetsch, Al Gerholdt, Ralph Hvidsten, Bob Perry) with a score of 16.50. There was a tie for second (Ray Zabel, Paul Rife, Richard Arnold, Ulic Henehan) and (Dick Wiland, Dick Larson, Jim Lasee, Leo Broden) with a score of 17.

The middle of April we started teeing off at 7:00 AM rather than 11:00 AM on our usual Monday and Wednesday. We still have our pot game on Friday at 7:00 AM.

Our last banquet of the winter season was March 28 at Read Hall at 5:00 PM. We had the Pledge Allegiance, sang God Bless America with great voices. Dale Tatman gave the treasurer's report. The conclusion of the report was we will make it thru the summer and start our winter season with money in the bank.

Next the trophies for Club tournament were given to Freddie Vincent Flight III, Jim Lawler Flight II, Richard Avant Flight I and the Club Champion Ulic Henehan. The Flight IV winner Darryl Willert was back in Wisconsin.

The 50/50 drawing was won by Emmet Wenzel and Jim Lawler.

There was ten more drawings with winners as follows: Tom Lilje, Scott Wood, Tod Clark, Steve Holleque, Dale Tatman, Gary Goetsch who won twice, Jim Lawler, Glenn DeSmith and Garv Dollman).

We lined up for our meal of (roll, roast beef, turkey, mashed potatoes, two types of gravy, green beans, corn, cranberry sauce, apple cobbler with whipped cream). Lots of food which was delicious.

We voted to have two or three banquets and the decision was two. Our next meeting will be at Golden Corral next October

Zounds Founder and CEO Sam Thomasson with his daughter Kate.

Sam Thomasson, father and engineer, promised his hearing impaired daughter Kate, that he would solve her hearing aid issues and build her a superior hearing aid. 57 patents later, this simple promise has revolutionized an industry.

Kate had a number of problems with her expensive, regular technology hearing aids. Even though they cost thousands of dollars, they still didn't help her hear well in a noisy environment. Kate needed an aid that would reduce the background noise while enhancing the volume. Sam developed two technologies, one that can tell the difference from a human sound and other sounds, like wind and tires; another technology

that created a cone of listening in front of the wearer. The combination eliminates up to 90% of unwanted noise, enhancing the voice. This made a huge impact on Kate's life. To Sam's dismay, Kate went on a date. She came home very excited, not about the boy, but because when the boy asked her what the waitress had said, she was able to tell him. Sam was so thankful that he could give this to her.

## Does Your Hearing Aid Solve These Problems?

“I can't hear in a noisy environment”    “I cannot hear soft syllables and sounds”  
 “My hearing aids whistle and squeal”    “I have to replace the batteries all the time”

**ZOUNDS®**
